Anchored in the Gospel
Genesis 22:1-18
Worship is a Verb

1. Share a specific praise from your Christmas break when Growth Group's did not meet.
2. In our new sermon series, Anchored in the Gospel, the very first anchor is Worship. It is important for Lakeside to have a biblical view of worship. The very first mention of the word "worship" is found in Genesis 22:1-18 (specifically v. 5). Share any insights from that tremendous passage of Scripture. Specifically meditate upon what it meant for Abraham when he said "Stay here with the donkey; I and the boy will go over there and worship and come again to you."
3. Read Psalm 95 and write down anything you glean about worship.
4. Pastor said "Worship is two faceted. Worship means to **bow oneself down** in reverence (Psalm 95:6) and **offer oneself up** in devotion (Genesis 22:5)." Share what that means for you personally and Lakeside corporately.

Communication Card Next Steps: Memorize Psalm 95:6,7

I will offer to God, for God to use as He chooses, the best of that which I have withheld from Him in the past.
I will authentically worship God by arriving to church on Sunday morning with a heart prepped to obey God.
