

Week of 1.26.20
Anchored in the Gospel
Titus 2:11-15
Come as You Are. Leave Different.

1. Share any thoughts or questions from pastor's message from Titus 2:11-15. What stood out to you? What challenged you? What made you desire to look into the Scriptures further?

2. Pastor said, "It is not the knowledge you accumulate but the knowledge you incorporate that pleases God." Using personal experience and the Word of God write down why this is true.

3. Titus 2:13,14 gives one of the important clues for living a life pleasing to God – "waiting (looking) for our blessed hope, the appearing of the glory of our great God and Savior Jesus Christ," (the Second Coming of Christ - Revelation 22:12). When was the last time you made a decision or determined a course of action with the specific thought the Lord might come back soon? Why has this not been a bigger factor in your or other believer's lives? How does Titus 2:11-15 inform us concerning the importance of factoring in the Second Coming of Christ? How can you make this practical?

Communication Card Next Steps: Memorize Titus 2:11-14

I commit to saying No today to a sin in my life by repenting and turning away from the sin and I ask for your prayers so I follow through.

I commit to saying YES to God in a specific way, a way in which I know God wants me to live and I ask for your prayers so I follow through.
