## Believing Is Seeing

John 9:1-12

1. Read John 9:1-12 and write down 25 facts (you can do it) and then make any inferences from those facts that will practically help you live for Christ. This is called Inductive Bible Study – observation first (what are the facts), interpretation second (what do the facts mean), and application third (what does this mean for my life):
  
  
  
  
  
  
  
  
  
  
  
  
  
  
  
  
  
  
  
  
  
  
2. Pastor said that “in this physical man we see a picture of all spiritual mankind.” Note the terms “blind,” “beggar,” “blind from birth,” etc. and look up passages that describe the sinner who is in need of a Savior such as:
  - Romans 3:23
  - Ephesians 2:1-14
  - II Corinthians 4:3-6

Connection Card Next Steps: Psalm 119:130

Today I will start one of the two Bible reading programs Lakeside has recommended and commit to following through. I desire to be a conduit of Jesus, who is the Light of the World, by ministering to someone's physical needs this week.
