## **How Not To Waste Your Life**

John 12:1-11

1. Read John 12:1-11 and write down at least three thoughts/truths you observe concerning genuine, authentic worship and that which is counterfeit:
  
2. In Bible study, there is an important principle called the Law of First Mention. The principle is rather simple. When studying a specific topic or word in the Scriptures, put a little extra weight on the passage of Scripture where that topic or word was first found. For our little study on "worship" that first mention is found in Genesis 22:1-14 (vs 5 specifically). Study and meditate on these verses, making sure you understand the situation and context and then write down any principles/truths that have to do with authentic worship:
  
3. Read Romans 12:1-2 and write down at least three thoughts/truths you observe concerning genuine, authentic worship:
  
4. Write down and commit to one/two action steps as a result of this short study on genuine worship. Share as least one of these with your group.

Connection Card Next Steps: Exodus 34:14

I want to authentically worship Jesus so I will take the next step in my relationship with Christ and no longer hold back on living my life in utter devotion to Him.

Before March is over, I will prepare an appreciation dinner for Jesus and share why I am so thankful for what Jesus Christ has done for me and encourage those at the meal to do the same.
