What To Do With Your Doubt

John 20:19-31

1. Read Philippians 4:6-8. What are we told to do when we are feeling anxious? What are we told to think about (vs. 8)? Which of these is the hardest for you to focus on?

2. Read Psalm 13, where David questions God's care for him. In what ways do you relate to David's emotions here? How can you apply the proper responses that David outlines in vs. 5-6?

3. Pastor Trevor said that we should work through our doubt within our Christian community. Read Hebrews 10:24-25. What are three things (two positive and one negative) related to Christian community that are described in these verses? When are times that other Christians have helped you work through doubts?
