Connection Card Next Steps -

***Step 1 - I will confess** my personal "Egypt" that I run to when things get hard and ask God to help me turn to Him instead.

- From Rom. 5:3-5, what are three *positive* results of suffering that should cause us to rejoice? When have you seen suffering produce these things in your life?

- Describe a time when you got frustrated, angry or very down because you expected a better life based on your efforts to follow God faithfully. Did any good ultimately come from the situation—even if the “good” was very different from what you expected?

- According to 1 Peter 4:19, what two things should we do while suffering as part of God’s will? How do those two commands reflect the cycle described in the sermon: “Obey God→See God Act→Trust God More”?

- What is your “Egypt,” meaning the familiar sins you are likely to run back to when you feel like you need relief? How can you fight the desire to turn to that sin? Discuss the strategies in 2 Timothy 2:2.
