The God Who Sees

Genesis 16:6-16

The God Who Sees

- _____

- Commands & _____

- _____

When God _____ someone, it means He _____ for them.

Connection Card Next Steps -

***Step 1 - I will show someone this week** through my actions that I see and care for them.

***Step 2 - I will write down and thank God** for three specific ways that He has seen me and cared for me in the last month.

- The message highlighted God's name "El Roi," which means "The God Who Sees." When is a time that you have "felt seen" by someone? What did they do to make you feel that way?
- Read James 2:14-17. This passage may bring helping the homeless to mind. But what are other situations when you may have violated this passage by overlooking a "Hagar" around you? How can we do better at this as individuals, families, and a church?
- Read 1 Kings 19:1-8. What's similar between Elijah's situation and Hagar's? When have you felt stranded in the wilderness and hopeless? How did you see God provide help or encouragement during that time?
- Hagar went back to a hard relationship with Sarai and Abram because she trusted God's promise. What promises of God can you rely on as you deal with a challenging situation in the coming week?
