Connection Card Next Steps -

***Step 1 - I will talk with God** about an area where I'm letting bitterness harden my heart.

***Step 2 - I will spend extra time** this week walking with the Spirit in one of these areas: Scripture reading, confession, removing temptations.

- Joseph broke the sin patterns that plagued his family. What sinful tendencies from your family background have been hardest for you to break? What has helped you follow a more obedient path?
- Read James 1:15 and discuss the process of how sin starts and where it leads. Now re-read Gen. 37:18-20. What are some steps Joseph's brothers could have taken to stop this process in their hearts? Where do you see this process play out in *your* life?
- Read Gal. 3:2-5. Paul is explaining how foolish it is to say that we are saved by faith and then count on our own efforts to make us more like Christ. What are areas where you're trying to find victory through your flesh rather than through the Spirit? If you started relying more on the Spirit, what would that look like?
